Litigation Update
June 6, 2012**

Counsel, Mr. Davies of Thorsteinssons LLP, advises as follows:

- The case management conference took place on May 31, 2012
- The Court ordered the following dates be set:
 - October 31, 2012 for completion of examinations for discovery. These are already scheduled to occur during the first and second weeks of October.
 - January 31, 2013 for completion of undertakings. Although Mr. Davies expressed concern that that seemed like a lengthy period, the Chief Justice was unwilling to push the date back into December. However, he urged both sides to start on anticipated undertakings in advance of the discoveries.
 - February 15, 2013 to report to the Court on status and to set down the trial date.
